SOME say they're the best rolls we make; that depends upon one's taste possibly. We admit the goodness of our raisin rolls, but must also refer you to the other kinds we make, too.

*Raisin Rolls to be successful must be as light as a feather. To accomplish this we use the highest grade hard wheat flour; it is milled especially for the Barker System and costs much more than ordinary flour. The dough is made with fresh, rich milk; we use Wilson's best pure leaf lard for shortening and fine cane sugar for sweetening.

(No substitutes, such as milk "powder," lard "compound" or "beet" sugar, ever used by us. This is a "no-substitute" bakery.)

The raisins are Thompson's Seedless, grown in California. They are perfect raisins, better than need be used, in fact, and many more of them than you expect to find.

Materials for making Raisin Rolls like this at home would cost much more than what we charge—and then the housewife would not have the advantage of baking in the Wonderful Barker Oven.

Why not try some?

BOLTON BURDEN FOR SHORT TIME

Trustees Are Stalled and Miss Williams Doesn't Want School.

The board of trustees of Bolton college wants the county board of education to operate the institution as a county high school. Miss Charles O. Williams, superintendent of the schools, does not want to undertake the job.

The matter was discussed thoroughly Monday afternoon by the tax rate committee of the county court and the board of trustees of Bolton college, headed by T. K. Riddick, a friend of the school. The matter was taken up before the committee considered the budget of the county board of education.

The Bolton college board asked the committee to operate the college as a county high school for the present, saying that later it was the intention to operate it as an agricultural high school.

The county court at its session Monday decided not to issue the \$150,000 in bonds for this institution for the present, or until after the people of the county had voted on the matter. It was decided to hold the referendum election on these bonds in August, 1920, the month when the regular county election is held, thereby saving some \$1500 expense of holding a special election.

Until the bond issue is available the Bolton board declares it can not operate the institution as an agricultural high school.

Bolton college owns 1,100 acres of land which brings in an annual rental of \$5,000. The board proposes to use this rental to pay off indebtedness of the institution while the county board of education stands the expense of operating the college as a county high school.

Miss Williams said Monday that it would take between \$7,000 and \$9,000 to operate the institution as a high school. New equipment would have to be installed and a furnace provided.

It is believed, however, when the matter is finally settled the county court will decide that the board of education operate the college as a county high school.

The tax rate committee is composed of Justice Houston, chairman; Justices Clancy, Arnold, Jeter, Maher and J. A. Heard, chairman, and R. Lee Bartels, county attorney, as ex-officio members.

Appearing for Bolton college was T. K. Riddick, spokesman; Judge J. P. Young, C. C. Hanson and Charles J. Haase, members of the board of trustees of the institution.

KAISER AND WIFE PLAN LONG STAY IN HOLLAND

AMSTERDAM, July 8. (By the Associated Press.)—Former Emperor William and his wife are apparently unperturbed by the possibility that proceedings will be brought by the entente for the extradition of the former emperor from Holland. Members of the former monarch's suite have indicated in conversations with the correspondent that it was their opinion any proceedings from allied quarters would be protracted for many months without any certainty that the Netherlands government would consent to hand the former kaiser over for trial.

They are almost unanimously convinced that they are here for a long sojourn and are making preparations accordingly.

Unauthorized middlemen dealing in food will suffer similar punishment, it is said.

The dispatch states a general strike was declared in Naples Monday. After looting outlying stores in that city, a crowd attempted to reach the center of the place, but was prevented by the police.

PEN FOR BOOTLEGGERS. SAYS JUDGE SANFORD

KNOXVILLE, Tenn., July 8. (Sp.)—Penitentiary sentences are to be imposed on persons convicted in federal court on charges of "bootlegging" for offenses committed after this date, Judge Edward E. Sanford made an announcement to this effect in his charge to federal grand jury at opening of the court here. He declared that the bootlegger is the most contemptible and cowardly of all internal revenue violators and that he has decided that to impose heavy sentences on them is the only solution to the ever-increasing situation.

"It is my purpose to show them that it is not a paying proposition," he declared. "They are in the business for the filthy money they can make. They have no regard for the upland suffering they bring to mothers of the boys to whom they sell their poisonous products."

Judge Sanford also took a rap at the so-called respectable man who is back of the whole business, putting up the finances and sending boys and men for the whisky.
